The new [Joomla Community Portal](http://community.joomla.org/) is now online. The Joomla Community Portal is a new web site for the Joomla community. There you will find a constant source of information about the activities powering the Joomla Project, learn about [Joomla Events](http://community.joomla.org/events.html) worldwide, and see if there is a [Joomla User Group](http://community.joomla.org/joomla-user-groups.html) nearby. A new, monthly [Joomla Community Magazine](http://community.joomla.org/magazine.html) promises an interesting overview of project activities, community accomplishments, and learning material.

The [Joomla Community Magazine](http://community.joomla.org/magazine.html) promises to be a must read each month. Community members will take turns sharing cool Joomla 1.5 Web sites, Joomla 1.5 GPL extensions, event information, involvement opportunities, and articles about local communities.

The new [JoomlaConnect](http://community.joomla.org/connect.html) brings together tons of Joomla news from all over the world in your language. Get the latest and greatest by clicking [here](http://community.joomla.org/connect.html).
